

November 2009 - Jacobi Medical Center, Bronx, NY - NEGLEY, OTT & ASSOCIATES, INC's consultant, Anna May Petronella, RN, continues to provide support for design and configuration development of clinical documentation across multiple sites and disciplines. The scope of these multi-discipline projects includes clinical documentation at both **Jacobi Medical Center** and **North Central Bronx Hospital**. Listed below are the types of clinical documents designed and completed by NOA for pending implementation at the customer sites as of November 2009:

- New H&P for inpatients in Trauma Surgery
- NICU Order Sets
- Newborn Order Sets and Discharge Summary
- Speech Therapy documentation
- Speech Therapy Discharge Summary

These project initiatives represent continued accomplishments toward incorporating best demonstrated practices via the Quadramed-CPR™/ CPOE™ system at **Jacobi Medical Center** and **North Central Bronx Hospital**. The NOA consultant on this project worked closely with the IT leadership and project team from the hospital sites in order to design and build this functionality within the system.

Jacobi Medical Center and **North Central Bronx Hospital** are part of the **North Bronx Health Network**, and represent several of the multiple facilities of the **New York City Health and Hospitals Corporation (NYCHHC)**.

Congratulations to **Jacobi Medical Center, North Central Bronx Hospital** and NOA's clinical consulting team for continued successes in deploying the Quadramed-CPR™/ CPOE™ system. This ongoing deployment is another example of how NYCHHC continues to demonstrate quality and excellence in meeting community healthcare needs by using the Quadramed CPR™ / CPOE™ system as an integrated electronic health record.

Information about the **Jacobi Medical Center** can be found at the [NYCHHC Website](#).

NEGLEY, OTT & ASSOCIATES, INC. is a clinical systems consulting company with certification on multiple CPR systems and is rapidly moving forward towards aligning with Eclipsys Corporation (NASDAQ: ECLP) as a business partner for implementation consulting and support with the Sunrise Clinical Manager product line. The business partner agreement between NOA and Eclipsys represents a strategic initiative which will leverage NOA's clinical system expertise in improving care delivery workflow processes by using best demonstrated practices.

About Negley, Ott & Associates, Inc.

NOA was formed in 1992 by IS professionals with a desire to provide hospital information systems and clinical professionals with best demonstrated practices in conjunction with implementing clinical software systems that focus on patient care. The issues, personalities, opportunities, challenges and solutions required by clinical system implementations require the ability to meld sensitivity to clinical processes with the realities of computing and patient care delivery. To date, NOA has

provided services to more than 60 hospitals installing clinical systems using an approach that stresses both outcomes and knowledge transfer. Supporting so many users, both during and after their installation, gives NOA the opportunity to understand the issues that make clinical systems work, and those that don't.
